

Information on WCA Finances

- The annual operating budget is based on annual dues income and donations. The majority of the annual budget covers the payroll expenses of the national administrator, cost of producing and mailing newsletters and general office expenses. Approximately 20% of the annual budget is used to fund the Lifetime Achievement Award activities.
- The annual Lifetime Achievement Awards event is funded by earmarked donations and meal ticket sales.
- The Annual WCA Conference is funded by the WCA Chapter, which sponsors the conference. WCA donates \$500 as seed money for each conference as well as \$100 to be used for a Travel Scholarship, awarded by the conference organizers, for a WCA member to attend the conference.
